

Vina Del Mar Sausalito

Vina Del Mar Sausalito

- Originally made for the 1915 Panama Pacific Exposition in San Francisco, the elephant sculptures and fountain were donated to Sausalito after the Exposition and relocated in 1916 to the heart of Sausalito's historic downtown.
- Designed by Sausalito architect William Faville after the fashion of fountains at Siena and Ravenna, Italy, it was considered the most beautiful of the Exposition fountains. Originally designed as a base for flagpoles, the elephants are now topped by ornate light standards added in 1936.
- The Vina Del Mar Plaza was recognized as a point of Historical Interest by the State of California in 1976.

Vina Del Mar Sausalito
